

## UEI's Ecolink® Announces Two NEW Sensor Products

March 28, 2023

**Las Vegas, NV. March 23, 2023—**[Universal Electronics Inc. \(UEI\)](#) (NASDAQ: UEIC), the global leader in wireless universal control solutions for home entertainment and smart home devices, announced at the International Security Conference & Exposition – also known as ISC West, trade show in Las Vegas, two new products by its Ecolink subsidiary: a new Floor/Freeze Detector with a water detection rope sensor and a new wearable Panic Button. Branded under UEI's subsidiary, Ecolink® Intelligent Technology, Inc. ("Ecolink"), the Flood/ Freeze Detector detects water leaks to avoid costly water damage as well as detecting when temperatures drop below 41 °F (5°C) . In addition, Ecolink has announced a wearable personal Panic Button designed to summon help in an emergency, such as a fall or other health emergency.

### Features of the new Ecolink Flood/Freeze Detector

- **SIMPLE INSTALLATION** – The Sensor's design allows for placement in any location where leaks may result in flooding or damage.
- **ADDED Rope SENSOR /EXTENDED COVERAGE** - The Detector comes with a water detection rope sensor, bracket and mounting screws to allow for additional installation locations on vertical surfaces such as on walls or cabinet interiors, with the rope sensor extending onto the floor to detect water.
- **LONG BATTERY LIFE AND COMPATIBILITY** – Up to an 8 -year battery life, compatible with 319.5 MHz wireless receivers such as those used by Qolsys, GE and Interlogix. Extended compatibility with 345 MHz (Honeywell) and 433 MHz (DSC) protocols. Projected availability in the second half of 2023.

### Features of the new Ecolink Wearable Panic Button

- **THREE ALERT DEMANDS** – The Panic Button has a single tap, double tap or press and hold demand button presses.
- **PERSONABLE-** The Panic Button can be personalized and wearable with the included smartwatch wristbands, belt clip or lanyard.
- **LONG BATTERY LIFE AND COMPATIBILITY** – Up to 5-year battery life, compatible with 319.5 Mhz wireless receivers such as those used by Qolsys, GE and Interlogix. Extended compatibility with 345 MHz (Honeywell) and 433 MHz (DSC) protocols. Projected availability in the second half of 2023.

Products are estimated to be available in late Q2, the products will ship through Ecolink professional security dealers in North America.

*"Building on more than 30 years of experience in creating security-grade technology, our expertise in sensor technology keeps us at the forefront of pro-security solutions and we are excited to announce these new products and expanded capabilities of our product lines, this demonstrates our commitment to our partners to deliver the solutions our customers need and ask for,"* said Hrag Ohannessian, SVP Sales for Home Automation, Security and Hospitality.

### Sensor Product Enhancements

As an industry-leading brand in Security and Home Automation, Ecolink offers Pro-Security dealers unprecedented access to the highest quality, cost-effective wireless products. Ecolink has expanded compatibility on two products released last fall:

- **Wireless PIR Sesnsor**– Pet Immunity up to 85 lbs and features a high-performance algorithm and Fresnel lens pattern. Available for the 319.5 MHz and 433Mhz-compatible pro-security panels
- **Z-WAVE Long Range Garage Door Controller** - Compatible with most automatic garage door openers and has a range of 2200 feet line of sight communications with a paired Z-Wave long-range enabled panel or hub

To learn more about these new products and product enhancements, schedule time with us at ISC West 2023, [book here](#).

### About Universal Electronics Inc.

Universal Electronics Inc. (NASDAQ: UEIC), the global leader in wireless universal control solutions for home entertainment and smart home devices, designs, develops, manufactures, ships and supports both hardware and software control and sensor technology solutions. Serving video, telecommunications, security service providers, television, smart home, and HVAC system manufacturers, UEI partners with Fortune 500 customers such as Comcast, Vivint Smart Home, Samsung, LG, Sony, Daikin, and many others. With over 600 patents, for over 35 years UEI has been pioneering breakthrough innovations such as voice control and QuickSet cloud, the world's leading platform for automated set-up and control of devices in the home.
