Item 8.01 Other Events

Rule 10b5-1 promulgated under the Securities Exchange Act of 1934 permits an individual who is not then in possession of material nonpublic information to establish a prearranged plan to buy or sell stock. The rule allows an individual to buy or sell shares of stock at a specific price in the future, regardless of any subsequent material nonpublic information.

Robert P. Lilleness, President and Chief Operating Officer of Universal Electronics Inc., has established a trading plan in accordance with Rule 10b5-1. Under the plan, Mr. Lilleness intends to sell no more than 100,000 shares of Universal Electronics common stock until December 2, 2006 from time to time, subject to certain specified price limits. These shares include shares issued upon the exercise of employee stock options. This process will facilitate the orderly exercise of employee stock options and the sale of common stock for Mr. Lilleness' personal financial planning purposes with the goal of minimizing any market impact and avoiding any concerns about the timing of the transactions.

J.C. Sparkman, a member of the Board of Directors of Universal Electronics Inc., also has established a trading plan in accordance with Rule 10b5-1. Under the plan, Mr. Sparkman intends to sell no more than 15,000 shares of Universal Electronics common stock until June 1, 2006 from time to time, subject to certain specified price limits. These shares may include shares issued upon the exercise of stock options granted to him as an outside director. This process will facilitate the orderly exercise of stock options and the sale of common stock for Mr. Sparkman's personal financial planning purposes with the goal of minimizing any market impact and avoiding any concerns about the timing of the transactions.
