#### **Universal Electronics Reports Financial Results for the Second Quarter 2023**

SCOTTSDALE, AZ – August 3, 2023 – Universal Electronics Inc. (UEI) (NASDAQ: UEIC) reported financial results for the three and six months ended June 30, 2023.

"In the second quarter of 2023, sales met and the bottom-line exceeded our expectations," said Paul Arling, UEI's chairman and CEO. "Our patented, leading wireless control technology delivers interoperability that is desired in more and more applications throughout the connected home. New and repeat customers continue to select UEI's innovation, quality, and service, and customer project awards are growing, particularly in climate control, home automation, and security."

UEI's CFO Bryan Hackworth added, "We have been implementing our strategy to improve margins and operating efficiencies by restructuring our manufacturing footprint to optimize capacity. Our new production facility in Vietnam commenced operations in the second quarter of 2023, as planned. Contingent upon our Vietnam facility reaching its production targets, we intend to close our southwestern China factory by the fourth quarter of 2023. This action will reduce overhead costs while lowering our concentration risk in China. These strategic initiatives position us to drive bottom-line improvements."

#### Financial Results for the Three Months Ended June 30: 2023 Compared to 2022

#### **Conference Call Information**

UEI's management team will hold a conference call today, Thursday, August 3, 2023 at 4:30 p.m. ET / 1:30 p.m. PT, to discuss its second quarter 2023 earnings results, review recent activity and answer questions. To attend the call please register at https://register.vevent.com/register/BIc33f1e0b79fa422a941871408891a305 to receive a computer-generated dial-in number and a unique pin number. The conference call will also be broadcast live on the investor section of the UEI website where it will be available for replay for 90 days.

#### **Use of Non-GAAP Financial Metrics**

In addition to reporting financial results in accordance with generally accepted accounting principles, or GAAP, UEI provides Adjusted Non-GAAP information as additional information for its operating results. References to Adjusted Non-GAAP information are to non-GAAP financial measures. These measures are not required by, in accordance with, or an alternative for, GAAP and may be different from non-GAAP financial measures used by other companies. UEI's management uses these measures for reviewing the financial results of UEI for budget planning purposes and for making operational and financial decisions. Management believes that providing these non-GAAP financial measures to investors, as a supplement to GAAP financial measures, help investors evaluate UEI's core operating and financial performance and business trends consistent with how management evaluates such performance and trends. Additionally, management believes these measures facilitate comparisons with the core operating and financial results and business trends of competitors and other companies.

Adjusted Non-GAAP net sales is defined as net sales. Adjusted Non-GAAP gross profit is defined as gross profit excluding the impact of excess manufacturing overhead costs, factory transition costs, stock-based compensation expense, and depreciation expense related to the increase in fixed assets from cost to fair market value resulting from acquisitions. Adjusted Non-GAAP operating expenses are defined as operating expenses excluding stock-based compensation expense, amortization of intangibles acquired, costs associated with certain litigation efforts, goodwill impairment and employee related restructuring costs. Adjusted Non-GAAP net income is defined as net income excluding the aforementioned items, foreign currency gains and losses and the related tax effects of all adjustments. Adjusted Non-GAAP earnings (loss) per diluted share is calculated using Adjusted Non-GAAP net income. A reconciliation of these financial measures to the most directly comparable GAAP financial measures is included at the end of this press release.

#### **Forward-looking Statements**

This press release and accompanying schedules contain "forward-looking statements" within the meaning of federal securities laws, including net sales, profit margin and earnings trends, estimates and assumptions; our expectations about new product introductions; and similar statements concerning anticipated future events and expectations that are not historical facts. We caution you that these statements are not guarantees of future performance and are subject to numerous risks and uncertainties, including those we identify below and other risk factors that we identify in our annual report on Form 10-K for the year ended December 31, 2022 and the periodic reports filed and furnished since then. Risks that could affect forward-looking statements in this press release include: our continued ability to timely develop and deliver products and technologies that will be accepted by our customers, both near- and long-term; our ability to attract new customers and to successfully capture sales in all markets we serve, including in the connected home market as anticipated by management; our ability to successfully restructure our manufacturing footprint and achieve the optimization, lower concentration risks, and production facility in the time frame and to the extent expected by management, including management's plan to shut down an existing China facility which would result in the Company recording an impairment charge and severance expense in an amount believed by management to be material; our ability to manage through the continued supply chain constraints, inflationary pressures and macroeconomic conditions, including continued lower consumer spending; the continued commitment of our customers to their product development and ordering strategies and patterns that translate into greater demand for our technologies and products as anticipated by management; our ability to continue to manage our business, inventories and cash

flows to achieve our net sales, margins and earnings through financial discipline, operational efficiency, product line management, liquidity requirements, capital expenditures and other investment spending expectations; the continued fluctuation in our market capitalization; the direct and indirect impact we may experience with respect to our business and financial results and management's ability to anticipate and mitigate the impact stemming from the continued economic uncertainty affecting consumers' confidence and spending, natural disasters or other events beyond our control, public health crises (including an outbreak of infectious disease), governmental actions, including the effects of political unrest, war (including the conflict between Russia and Ukraine), or terrorist activities; the effects and uncertainties and other factors more fully described in our reports filed with the SEC; and the effects that changes in or enhanced use of laws, regulations and policies may have on our business including the impact of trade regulations pertaining to importation of our products. Since it is not possible to predict or identify all of the risks, uncertainties and other factors that may affect future results, the above list should not be considered a complete list. Further, any of these factors could cause actual results to differ materially from the expectations we express or imply in this press release. We make these forward-looking statements as of August 3, 2023, and we undertake no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise.

- (1) The three and six months ended June 30, 2023 and 2022 include unabsorbed manufacturing overhead costs resulting from the expansion of our manufacturing facility in Mexico where products destined for the U.S. market are manufactured, exacerbated by a subsequent decline in production volume. These products destined for the U.S. market were previously manufactured in China. In addition, for the three and six months ended June 30, 2023, we incurred normal start-up costs such as idle labor and training associated with our new factory in Vietnam which commenced operations in the latter part of June 2023.
- (2) Consists of depreciation related to the mark-up from cost to fair value of fixed assets acquired in business combinations.
- (3) Consists of expenses related to our various litigation matters involving Roku, Inc. and certain other related entities including three Federal District Court cases, two International Trade Commission investigations and the defense of various inter partes reviews and appeals before the US Patent and Trademark Board as well as other non-recurring legal matters.
- During the six months ended June 30, 2023, we recorded a goodwill impairment charge of \$49.1 million as a result of our market capitalization being significantly less than the carrying value of our equity.
