While the Audit Committee has the responsibilities and powers set forth in this charter, it is not the duty of the Audit Committee to plan or to conduct audits, to determine that the Company’s financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations, to create and to implement internal controls and compliance programs, or to otherwise perform the functions of management or the independent auditors. In performing its responsibilities, the Audit Committee relies on the expertise and knowledge of management, the auditors, advisors, and the expertise and experience of its members.

MEMBERSHIP

The Audit Committee is comprised of not fewer than three directors whom the Board determines meet the independence, financial literacy, and any other criteria of The NASDAQ Stock Market, Inc. (“NASDAQ”) and applicable requirements of law. Each member of the Audit Committee must be able to read and understand fundamental financial statements, including the Company’s balance sheet, income statement, and cash flow statement. Members of the Audit Committee are appointed annually by the Board on recommendation of the Board’s Corporate Governance and Nominating Committee.

The Board may make changes at any time in the Audit Committee's membership and may fill vacancies on the Audit Committee during the course of a year. The Board designates one member of the Audit Committee as the Audit Committee Chairman and also designates which members of the Audit Committee are "audit committee financial experts."

No member may serve simultaneously on the audit committees of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such member to serve effectively on the Audit Committee.

The Committee shall meet in executive session with the independent auditors at least once during each fiscal quarter, but more often as it deems appropriate.
